

What Past Campers and Parents Have Said:

Comments from past campers:

"I hope you have another economics camp next year!"

"It was very fun to learn about the new economic terms."

"This camp makes economics come alive!"

Comments from parents:

"We are impressed that you have put this together. It is very valuable, you have obviously put a lot of thought, planning and coordination into the camp."

"Most valuable is that she learned economic terms and concepts and how to make wise saving and spending decisions."

"She would come home using words like "awesome", "so cool", "great" and "wonderful" to describe her days at econ camp. Subject area connections (entertainment, sports etc.) were excellent choices for students of this age."

Summer Camp for Middle Level Students

June 11-15, 2018

Center for Economic Education

**Nebraska Council
ON ECONOMIC EDUCATION**

**UNIVERSITY OF
Nebraska
Lincoln**

About the Camp

The 'Economics is Everywhere!' day camp for middle level students, grades post 6 to post 8, is the first camp of its kind in Nebraska. Originally founded in 2004, students journey into the exciting world of economics as it relates to money, entertainment, government, sports, and the global economy.

The five day event is hosted by the UNL Center for Economic Education and will be held on the UNL city campus, College of Business from 9am to 4pm daily. Supervised, drop off and pick up on 14th and Vine streets will be provided. The UNL downtown campus serves as a convenient launching pad to visit local businesses. Each of the five, fun-filled days will include a variety of activities, speakers and fieldtrips.

Participants will investigate how money is earned, spent, and saved. To add an aspect of reality to the camp, the students will earn, spend and save the camp's own currency called "Eco-Bucks." Campers will be on the move, visiting the Grand Theatre, the State Capitol, City Hall, and Memorial Stadium. Business people from the community visit the camp to give first hand viewpoints of everyday economics.

COST?

The cost for the week long day camp is \$225 which includes all snacks, materials, supervised lunch and a t-shirt. Please send in your payment by check payable to the UNL Center for Economic Education with the enclosed registration form by May 15.

**June 11-15, 2018
9am-4pm daily**

Monday: "My Money: Earn it, Spend it, Save it!"

This introductory day will focus on the theme of money, savings, and income. Students look at the importance of education on earnings, savings, and investment while making good financial decisions.

Tuesday: "Lights, Camera, ECONOMICS!"

This day will look at music and movies from the business perspective and how consumers make decisions based on prices. Participants will get a behind the scenes tour of a local movie theater.

Wednesday: "Flag-onomics"

The economic issues at the local, state and national levels are the topics for this day. Students will discuss taxes and the decisions made by our elected officials as they use a public service (the city bus) to visit with local and state officials. They will also go on an economics scavenger hunt as we tour the state Capitol and we will learn what "flag-onomics" is all about!

Thursday: "McDonald's in Moscow!"

What role do you and I play in the global economy? What are the benefits of trading goods and services with other countries? These questions and more will be addressed on this day as students visit a local international business.

Friday: "Husker-Nomics!"

Have you ever thought of sports as a business? What economic decisions do student athletes make? This final day will wrap up the week and includes a visit to Memorial Stadium and the Husker athletic department.
